

Bender Gestalt Visual-Motor Test

This test consists of 9 half-letter size paper cards. Ensure you cut them along the dashed lines. For better protection, you may seal each card by placing it between two plastic layers. As a side note, you should label each card on the back like so: first card is label as "A", then continue labeling the remaining cards from 1 to 8. That’s it, enjoy!

"Knowledge belongs to all humankind"
